### Before Changing Your Major:

1. Major must be in a current UA Cossatot Program – available listings found under the Degrees and Certificates link at CCCUA Home Page
2. You must obtain a signature from the Financial Aid staff whether or not you are receiving financial assistance
3. If receiving VA Education Benefits you must contact Shawna Stinnett
4. Career Pathways students are required to have approval from that office before changing major
5. You must visit with a Student Services representative to obtain a new degree plan and advisor's name
